

# The Carolina Steiners

**A Participating Chapter of Stein Collectors International**

The Carolina Steiners has been charged with serving the needs of stein collectors in North and South Carolina, Georgia, Virginia, and Tennessee. Our chapter meets three times per year, on Saturdays. The typical meeting includes steins for sale or trade between members, a main presentation (often by a guest speaker), plenty of time for questions and answers, and a meal. Members are also encouraged to bring a stein for a “show and tell” (or often, “show and ask”) session.

The Topics chosen for the main presentation are intended to cover a wide range of interests within the stein collecting community, and foster well-rounded stein knowledge among our members;

Presentations at our chapter meetings have included: Steins by A.J. Thewalt, Mosaic steins by Villeroy and Boch, Steins by Mathias Girmscheid, Early Westerwald reproductions by Gerz, Character steins by Schierholz, Steins by Marzi & Remy, Steins created for Budweiser, Brewery sponsored character steins, Steins with patriotic themes, Jugendstil steins, Steins of various metals and materials, Heinrich Schlitt murals, Artwork on steins, Pewter repairs, Types of lids and stein toppers, Insurance for antiques and collectibles, etc..

We encourage potential members to join us at one of our chapter meetings, enjoy the camaraderie, and perhaps share in a learning experience.

Annual membership in the Carolina Steiners is available to all active members of SCI at the rate of \$15.00 per year, and includes our quarterly newsletter, "The Stein Line".

Visit the website of our parent organization, **Stein Collectors International**, at: <http://www.stein-collectors.org> and join an active online community of stein collectors. Please consider joining us for one of our upcoming meetings. We would enjoy meeting you and sharing stein collecting knowledge.

The "Chapters" page on the S.C.I. website lists our chapter's current contact person and also includes a link to our Facebook page
